Santa Ana High School has changed much during this past year. It is still the same school in spirit - a little newer in appearance.

For the gourmets of the school there is a new lunch area. At the beginning of the school year, construction of the food area was not finished so the distribution of food was rather awkward. The new system aimed at speeding up the distribution of food during the lunch hour.

For the sports minded there are new handball and tennis courts, a swimming pool and girls' gym. This was the first time in several years that our school has participated in water sports.

While construction was going on in the summer, the school buildings were painted inside and out. The Humanities, which at one time was the science building, was remodeled and is now the Commerce building. This building was carpeted and entirely remodeled.

For the "long distance runner" McKinley School site, formerly Water Works Park, was added to enlarge our campus. This area serves as the Social Science complex.

Several buildings were torn down or moved. The Commerce building was completely taken down. The math and English bungalows which were located between the Science complex, and the Old Commerce buildings now fill up most of the parking lot by the Science complex.

One of the major changes in personnel this year was the appointment of Joan Wilson, Ed. D., as principal of Santa Ana High.

Although there have been many changes in the physical appearance of Santa Ana High, the educational program continues to maintain the Saint spirit.

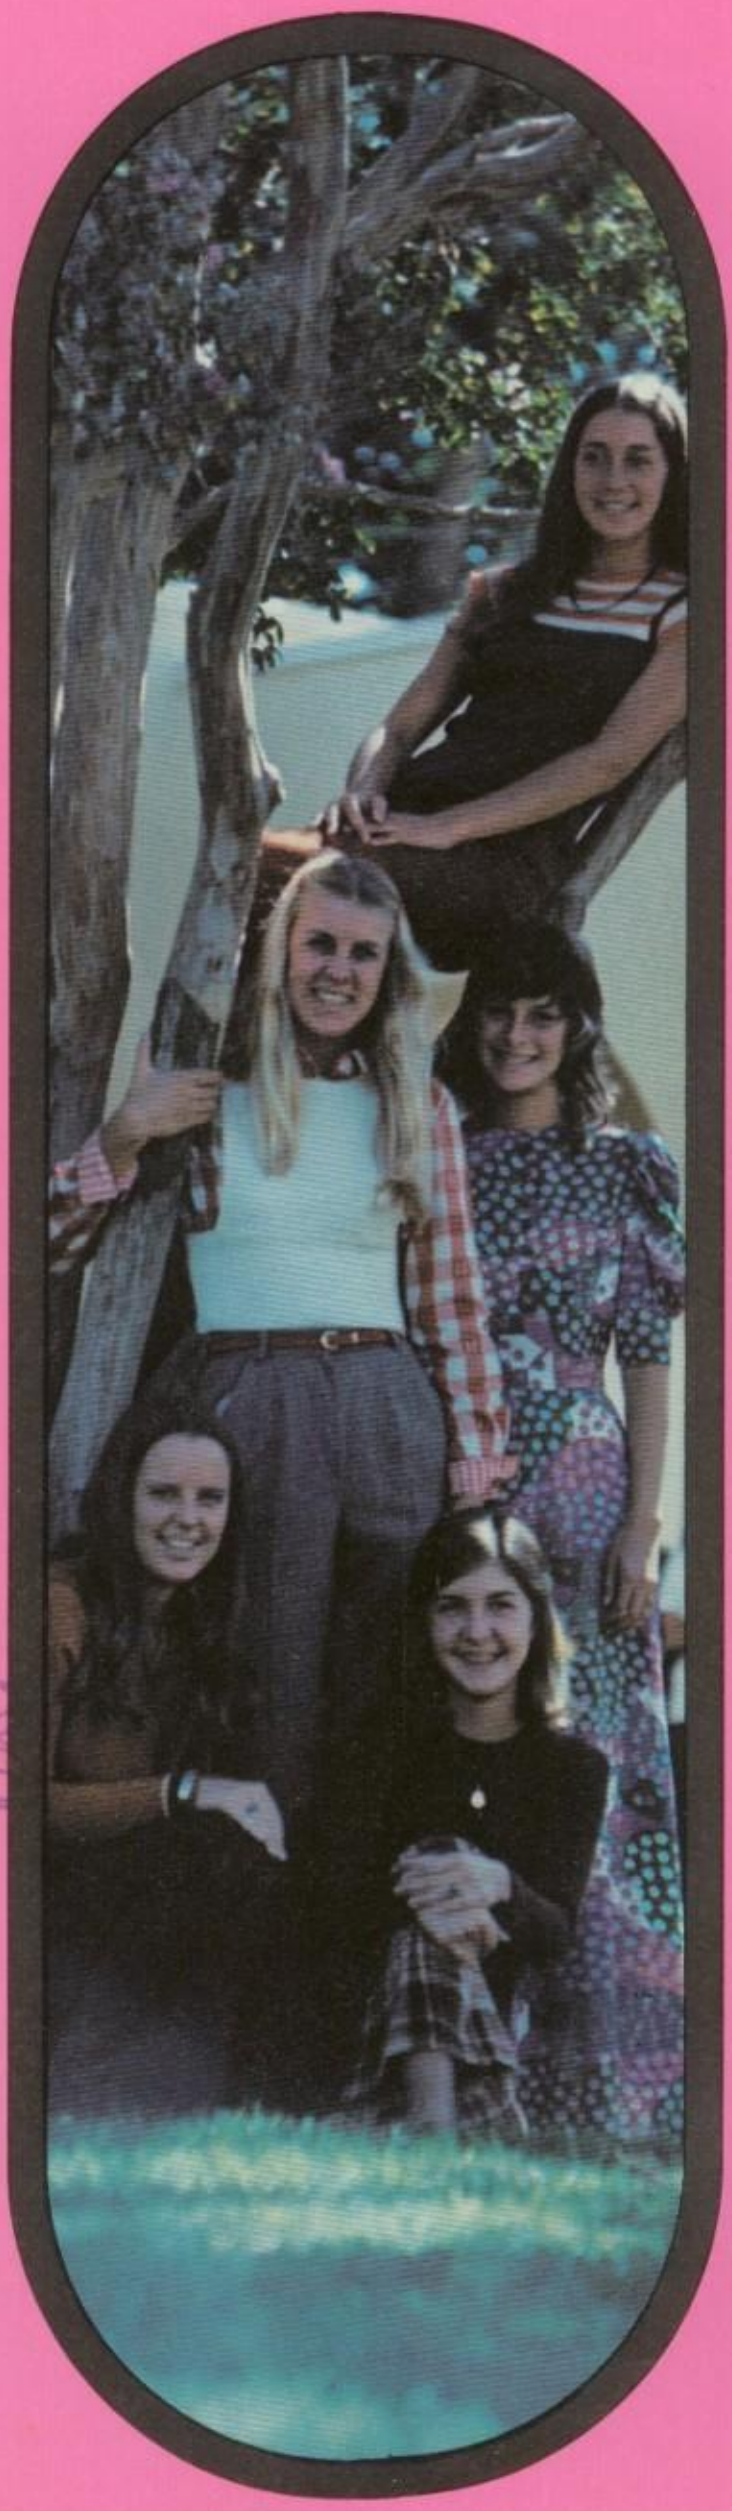
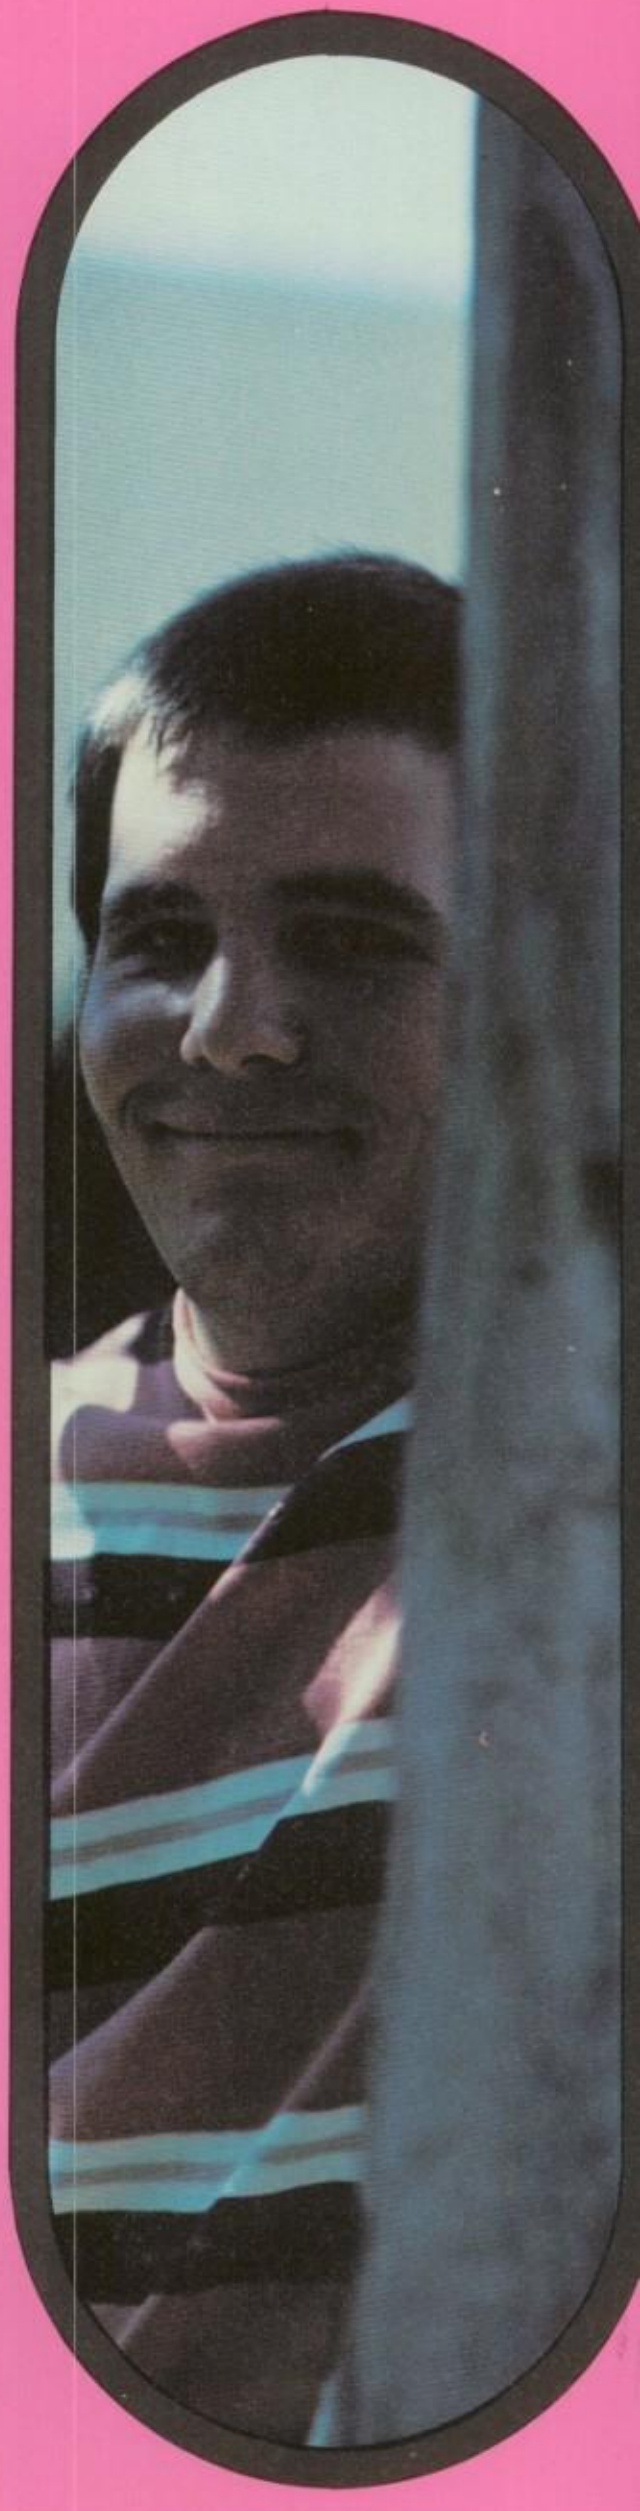
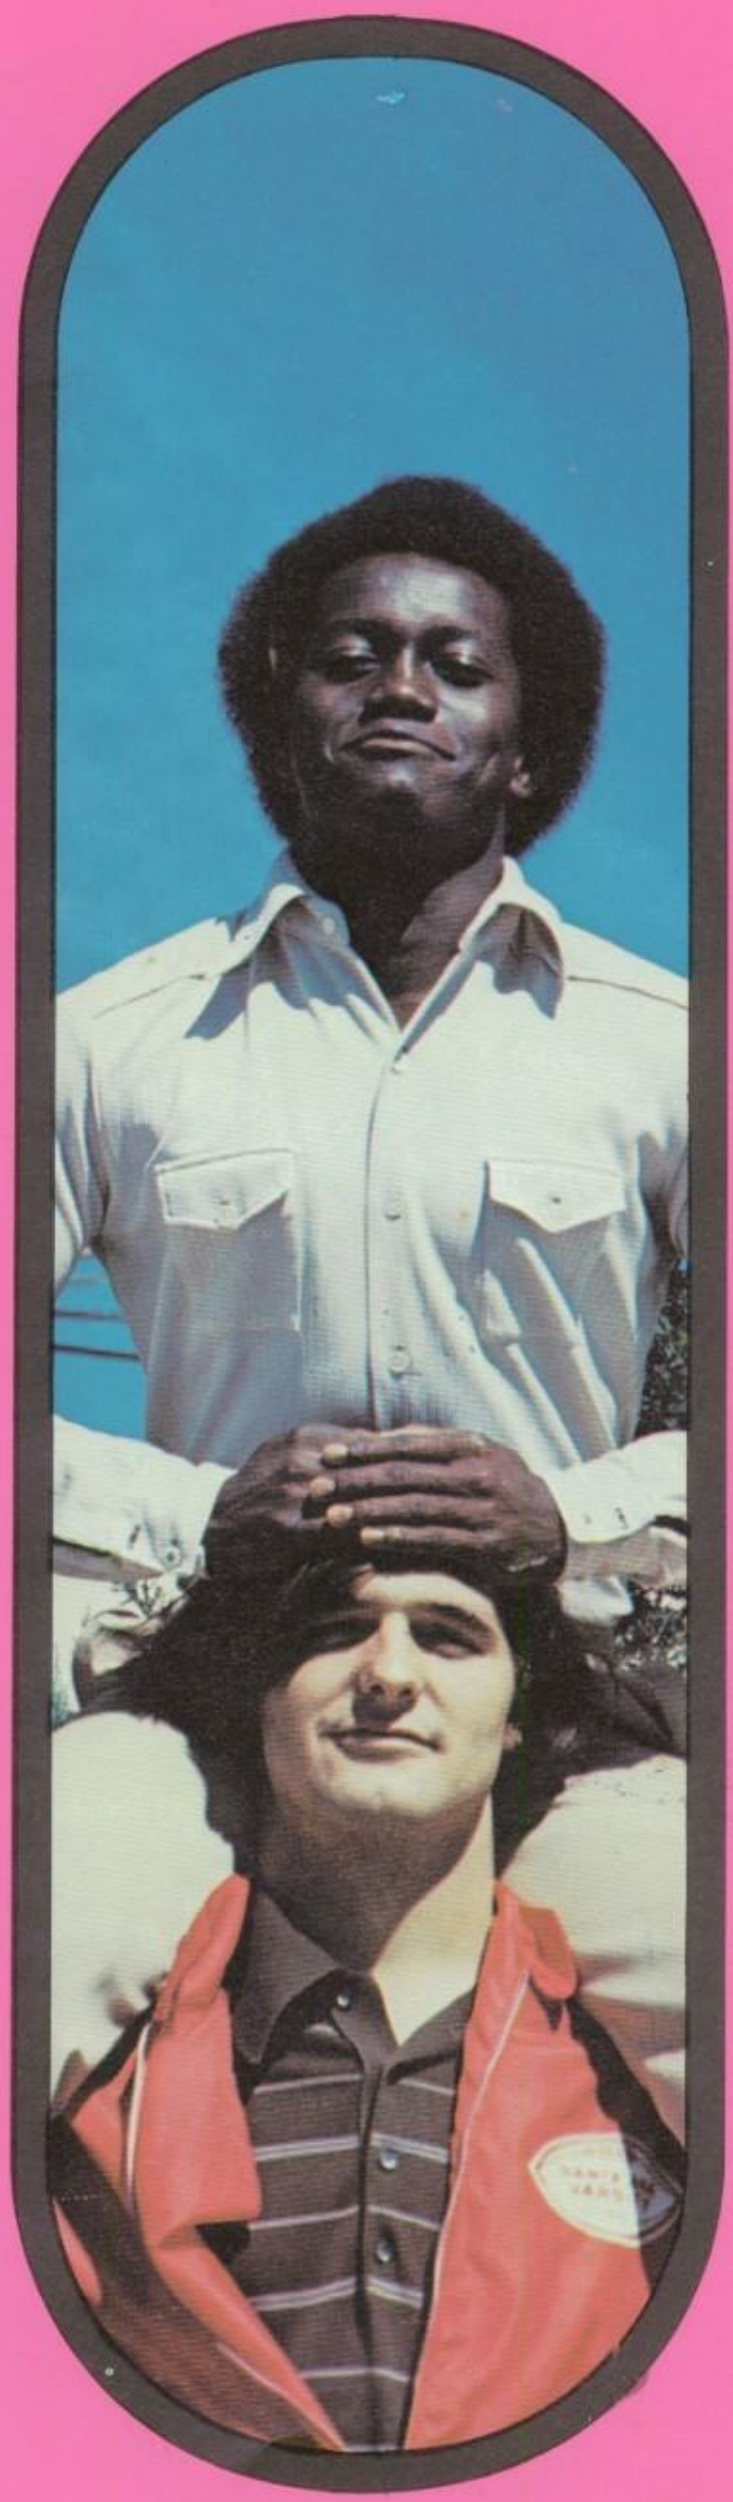
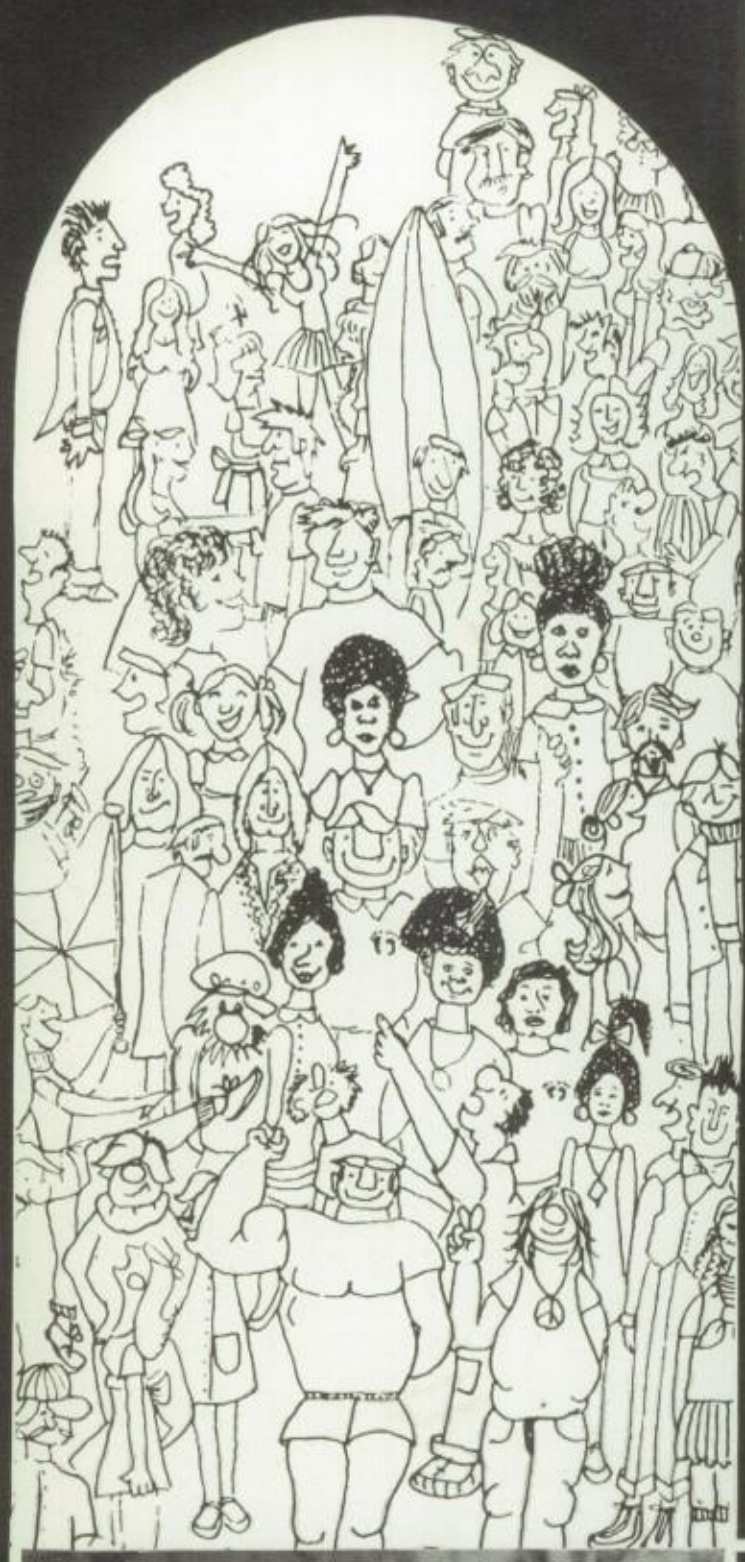
TRACK
TEAM

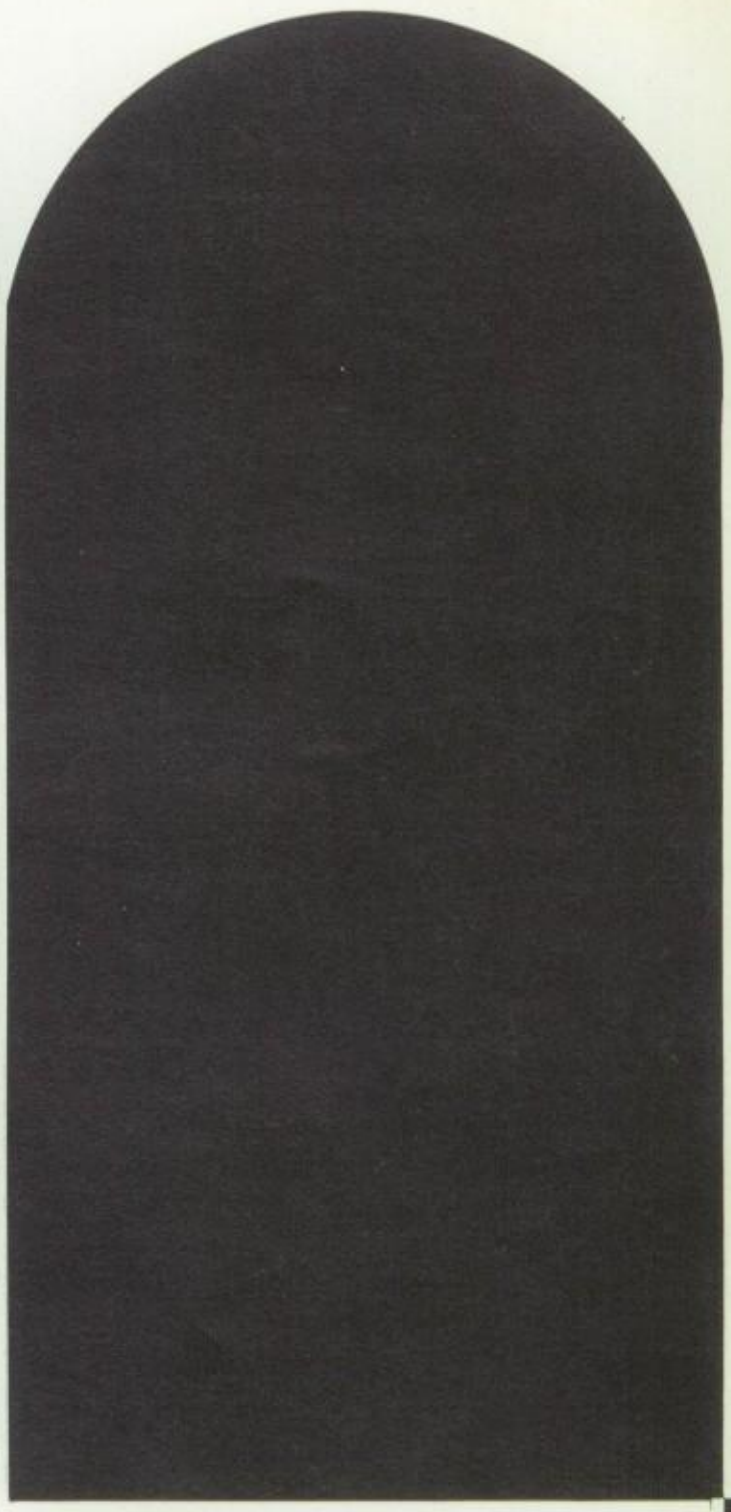






Love
Trac





We come, we listen, we speak, we laugh, and we cry while traveling miles of our life together during only four years. Some will find many hills and bends in their road, while others will find their road smooth and straight. Hopefully sometime, on either road, we may unite for some purpose to contribute toward a common idea, a common purpose, or a common goal. These roads will bring some of us together in various fields of business, professional positions, or individual fields of achievement. For all of us, whatever our aim, this Long and Winding Road leads us to our goal - success.

POWERS

Board of

President Bob Unetic

This year's fall Board of Control has proved to be a very important base for student government at SAHS. The group started early by meeting in the summer and discussing plans for the upcoming year. Five of the members attended a leadership camp held in Santa Barbara. The members helped with registration for first semester also.

The BOC planned several activities for this year's Homecoming. They included a pie-eating contest, bubble gum contest, hat day, dress-up day, pie throwing, and a pep assembly. Similar activities were also planned for Color Day.

Probably the most controversial issue that the BOC attempted to deal with was that of open campus. The group met with the Director of Student Activities from Newport Harbor High School and discussed the channels that that high school went through to attain it's open campus. Further investigation was made into other high schools with open campus before a proposition was made to the school board. The issue was publicized and petitions were written to support it, but no action was made immediately.

The members of the BOC also met with Dr. Wilson every Thursday to discuss the problems on campus. These meetings were concerned mainly with problems brought up at the daily meeting. Daily meetings were held in Mr. Tuchman's office and were open to all students.

Some other things accomplished by the fall BOC were the changing of the Boys' PE clothes requirement, new pep-squad judging procedures, the landscaping of the tennis courts, and new methods of voting for student body officers by using pictures and information about each candidate on the ballot.

Control

The Spring Board of Control, under leadership of president Ronnie Harris, has picked up business where first semester's board left off. They began by working to reorganize the smaller groups in the Board of Control, such as the Student Relations Committee and the various Commissioners. Those of the board who could, attended a CASC luncheon which was held at Knott's Berry Farm. The Board of Control then joined with their counterparts from Saddleback and Santa Ana Valley High Schools and attended a tour of the Santa Ana Courthouse on March 19. Those who attended a tour to be very interesting and informative. The Board of Control gave Mecha and Los Latinos two hundred dollars for activities and costumes for use during Cinco De Mayo Week. Also money was given to various clubs for entrance fees to contests. Leadership class is held during fourth period in Mr. Tuchman's office. The boards major project for this semester is a indepth evaluation of the faculity to be used to acquaint incoming Freshman with the teachers.

Girls' League

Girls' League started out the year by putting on a Homecoming Dance after the football game against Huntington Beach. Their next event was to send a few members of the cabinet to a Girls' League get-together at Marina High School to discuss things with Girls' League cabinets from other schools. Then the cabinet decorated the traditional Christmas tree for the foyer, and gave a candy cane to each faculty member.

On St. Patrick's Day the Co-ed was held at SAC Student Union. The annual event of Carnation Day was held again and was a big success. The last event of the year was a Mother-Daughter banquet and fashion show held at SAC Student Union.

Girls' State

I guess you could call Girls' State a crash course in civics and citizenship training. I learned more about government in that one week than I could ever learn in any classroom. The girls, chosen from high schools throughout California, set up city, county, and state governments. Everyone was involved, with offices ranging from Postmaster to Sheriff, to even Governor.

Girls' State was held at Olympic Village in Squaw Valley. The beautiful scenery, combined with the lessons of Americanism and the lasting friendships I made, will be something I'll always remember.

Boys' State

For those of you who will read this, what can I tell you of Boys' State? True, it is a political workshop, that cannot be denied. For one week 850 boys from all over California participated in setting up a mock state government, in this way we learned how government functions.

But an important part of Boys' State that never gets brought to light is the people who attend Boys' State. They are of different races, creeds, and backgrounds. But their ability to get along and understand each others faults and strengths was amazing.

I have made friends I will never forget, and they will not forget me. I learned to respect a person's ideas, no matter what they are, and to respect an individual for what he is, a human being. This is a part of Boys' State I wish everybody could have shared with me. We should all hope to understand this, because we need it.

Well, we finally made it! Thank Heavens I never thought we would. We've kinda gotten out of touch over this past year ... that's too bad because it's so much fun doing things with you. You're a crazy person but a lot of fun, too! Good luck in everything you do.
Much love, Tracy

Jill,
I can't believe its our turn this year! I want to wish you the best of luck next year and always. You're always so sweet and friendly to everyone. Love ya Julie

Donkey Basketball

The Donkey Basketball game is sponsored each year by the Lettermen's Club. Lettermen challenge the faculty to a fun filled, exciting evening of tugging at stubborn donkeys and trying to get ahold of the ball long enough to score a basket. This year the Lettermen defeated the Faculty 28-22. Herb Marshall was leading scorer with 14 points.

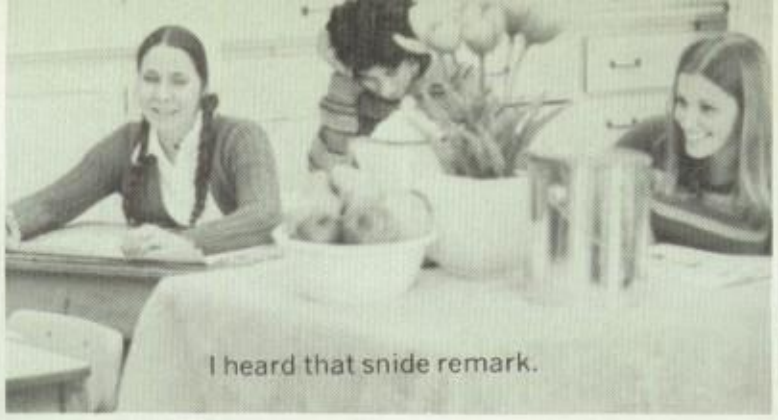
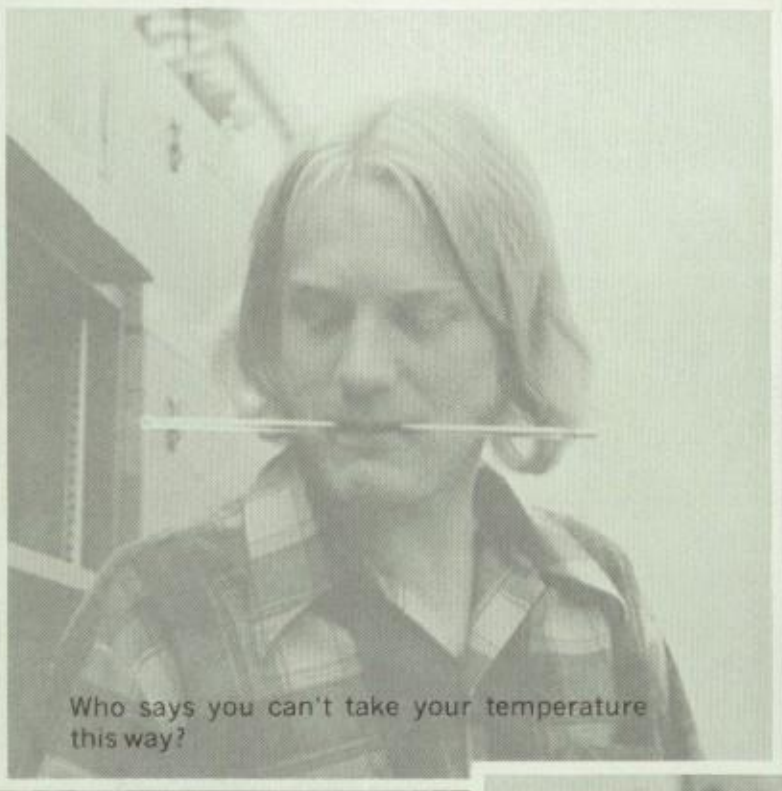
Co-Ed

My man Mr. Bigstuff.

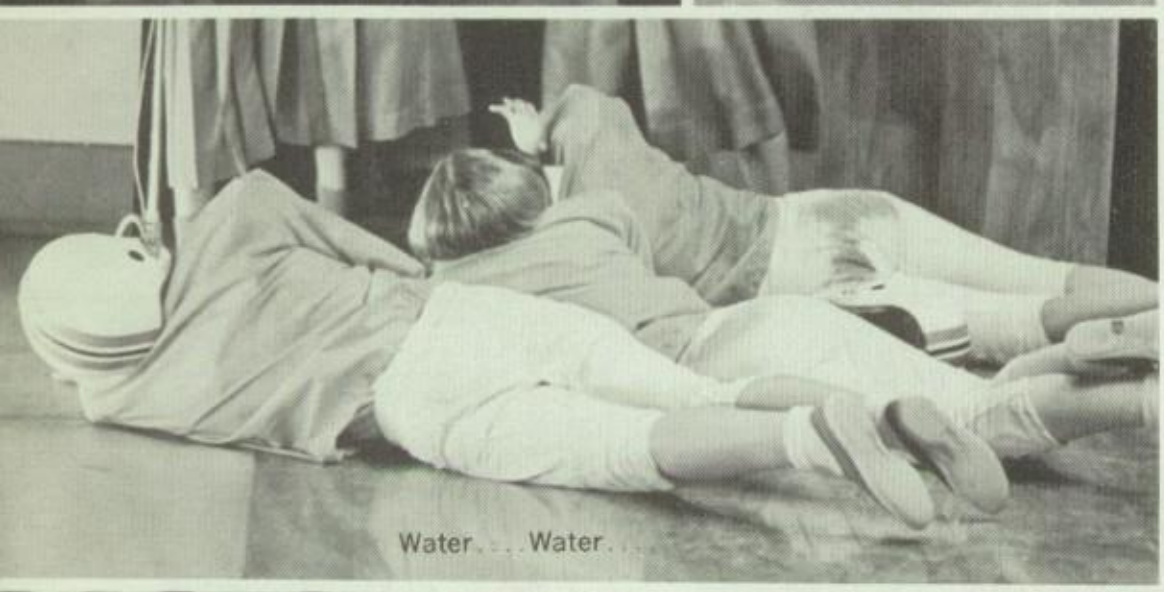


I heard that snide remark.



Who says you can't take your temperature this way?

Do NOT mark on the test sheets!

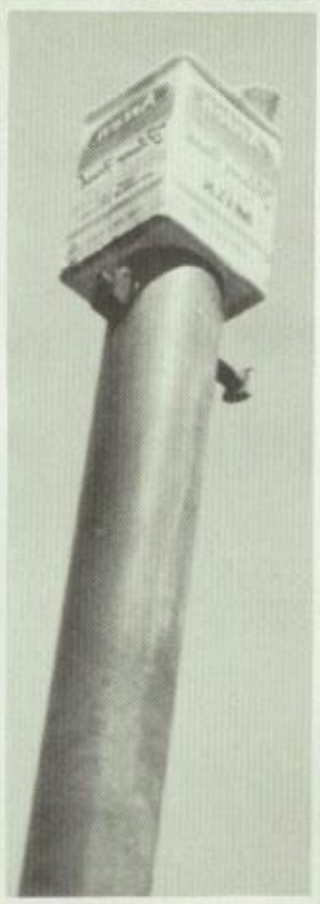


Water. . . . Water. . . .

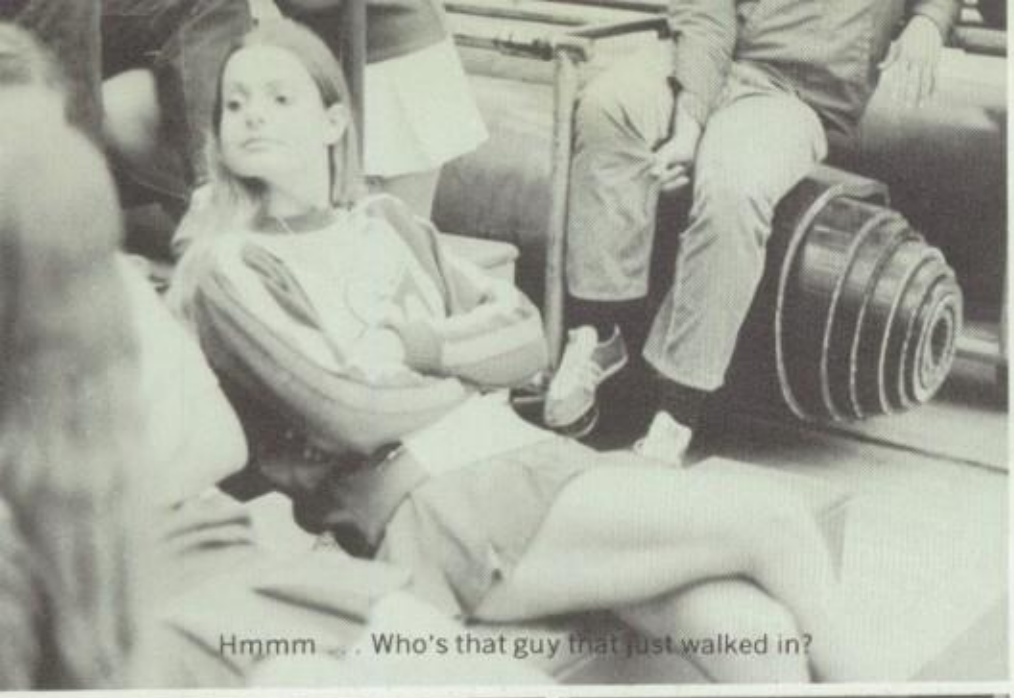
These fans are really getting to me.

Oh, come on!

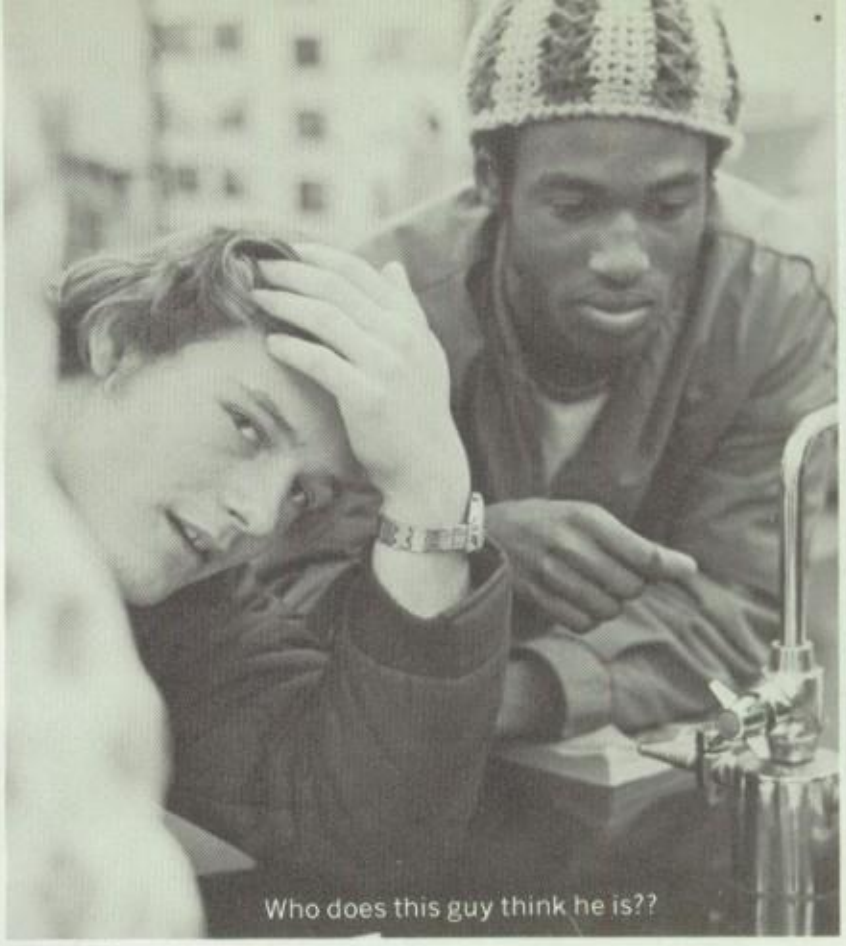
Nya-ah-ah!!



Tape, what tape??



Hmmm . . . Who's that guy that just walked in?



Who does this guy think he is??

If you take my picture, I'll take yours.

I should have brought my Parmesan cheese.

The American Field Service of Santa Ana High School is continuing to provide an opportunity for students to build a better awareness of cultures around the world. With the cooperation of the thirty seven members, the student body and the community, AFS is able to obtain funds for special financing of the foreign exchange students and cultural activities for understanding American ways for the foreign exchange students.

A.F.S. Student—Miguel Lopez

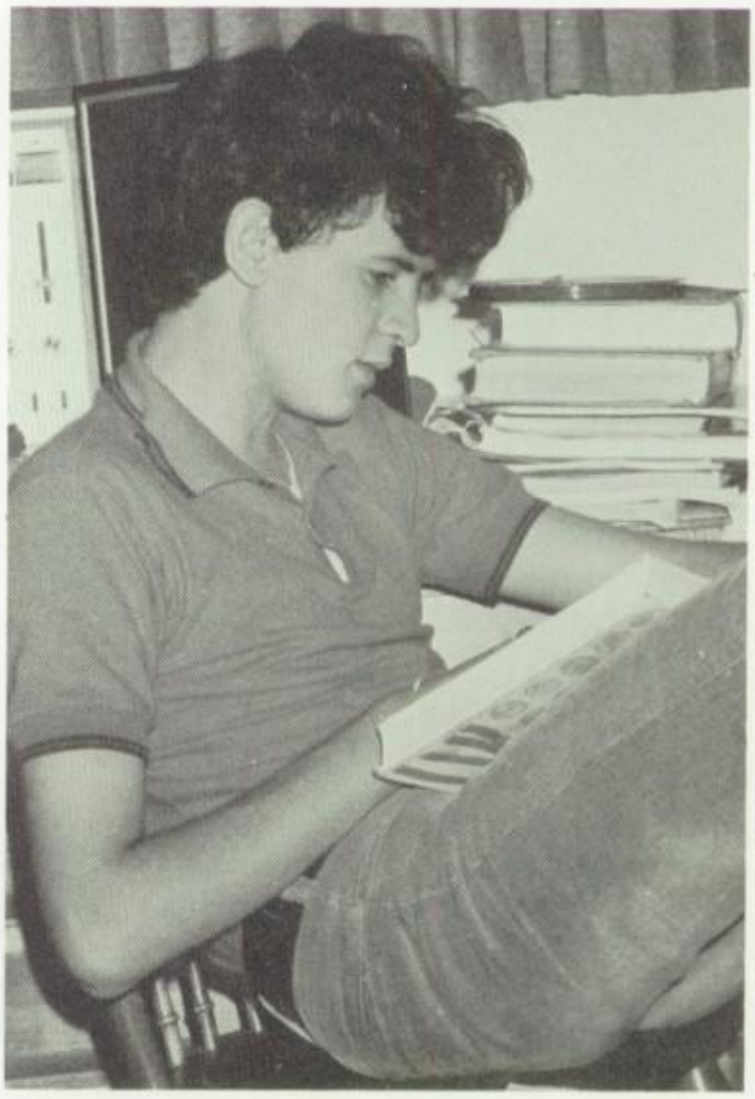
Miguel Lopez-Student
From Paraguay.

I remember two years ago, when I first went to the AFS office in Paraguay to apply for the program. In May they told me that I was accepted, and on August 14 I was in the airplane on my way to America.

Before I came I heard some things about this country (some of them not too good), so I was a little bit afraid. It was hard to adjust to the idea of spending the whole year in a country where I didn't know anybody. But since I arrived in New York, and most of all when I met my new family, those ideas flew away.

Since I came I'm having just a great time visiting all the famous places of Southern California and some other states. I'm really happy that I came, because I'm not only learning alot about America, its people, the way they live, the way they think and their customs, but also learning so much about my own country, Paraguay.

It is true that I didn't know any Americans before I came but now when I think of all the good friends I will leave in this country next July, it makes me feel really sad. I would like to thank my teachers, the AFS Club and many other friends who helped me so much during this wonderful year. I want you to know that a piece of my heart always will belong to all of you.



Miguel studying at the Parish's home.

A.F.S. Student — Ruth English

Ruth English - student to Austria

Dear Saints,

This one page could never be enough to depict such a thing as an AFS experience. Actually the only way possible is to live through it yourself—a thing I strongly urge everyone to attempt.

Living with a family in another country for a year, or a summer, as I did, living as they, eating what they eat, is an experience that you never quite get over. It opens your eyes to the world, and yourself.

The excitement of meeting your "new" family for the first time, the understanding of an entirely different culture, the friendships that bridge hundreds of miles, the unforgetable experiences, the love and the torture of your final farewells. How can one put all these into that limited system that we call words? Fantastic. Understanding. Love. Faith. Unforgettable. Joy. All these and many more.

Learn a foreign language and use it to communicate, I only pray that someday every one of you can accept it, too. "Yesterday is already a dream and tomorrow is only vision. But today, we lived, makes every yesterday a dream of happiness, and every tomorrow a vision of hope."

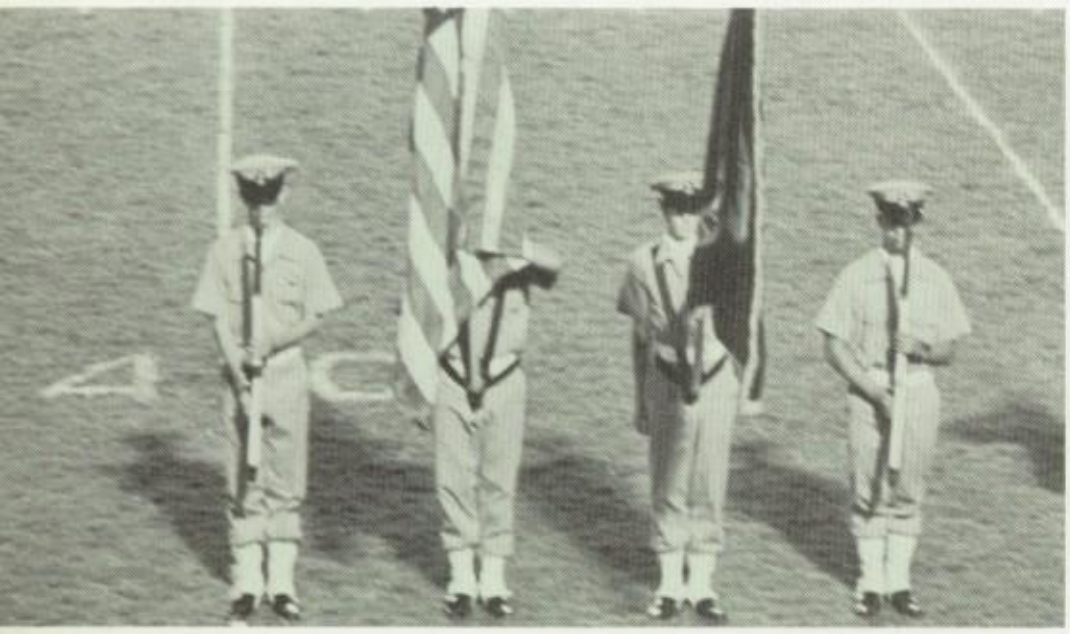
Naval Junior Reserve Officers Training Corps



Naval Science offers a broad overview of the U.S. Navy and teaches patriotism, respect for authority, and discipline. Field trips to local military stations, voluntary flights in naval aircraft, and one to ten day cruises in naval vessels on a space available basis are included in the training program. A student may not only receive a four year N.J.R.O.T.C. scholarship, but also $100 a month while enrolled in the U.S. Naval Academy, or enlist in the Navy at the third pay grade instead of the first. It gives the student the opportunity to take a look at the Navy and be able to make a more mature judgment about it.

The outstanding Varsity Track Team has made five Sunset League victories in a row. Led by undefeated sprinter, Clarence Edwards, fleet footed hurdler, Hank Harrell; and middle distance ace, Chuck Denmark; the spikers won four invitational team titles. At a preseason meet the Saints toyed with Villa Park's team determining where to run some new members. Chuck Johnson and Dougie Fredricson lead the JV attack in the sprints, 440 and high jump. Frosh-Soph have good balance with great performers as David Stauffer, Steve Moraga, and Robert Torres. Dave Kurrasch leaves all opposition behind in the shot put. Setting a winning pace, Harrell won the high hurdles in a blistering 14.6. Dave Kurrasch bettered Terry Albritton's county shot put record for sophomores by nearly two feet with a put of 58'1". Against Marina, Clarence Edwards left their sprinters behind to win the 100 in 9.8 and 220 in 21.9. Base star and back-up sprinter to Clarence, Ray Crawford usually wins the long jump as he leads the county jumpers with a fine 22'11½". Hank Harrell won the high and low hurdles and Chuck Denmark beat the counties leading half miler. The Saints have won another Sunset League title this year under outstanding coaching by Earl Engman, Jack Pickering, Wilbert Shaw, and Wylie Carlyle.

The foundation for an outstanding Water Polp Team began to form as the first season in our new pool came to a fitting climax with a crushing score of 13-3 over Brea. The team overcame such problems as organizing a new team against the finest teams in Southern California and being forced to practice at Santa Ana College due to construction delays on our own pool. The team made amazing progress as the intensive practice sessions produced teams that captured a total of 8 games at all levels. By November, when the season ended, 7 Santa Ana Poloists had gained All-Sunset League honors. Darrell Eberth earned a spot on the Varsity All-League team and Brian Pope, Gregg Nuessly, John Stafford, Kevin Tuttle, Wayne Timoti and Jeff Jones, also won similar honors.

Coach Lindner

The interest in wrestling this year has grown immensely compared to last year. The 96 grapplers used the Activities Room in the new Girls P.E. building as their location for work-outs and hosting matches. Don Shuler, the highlight of the '73 Saint Grapplers, has added quite a few honors to his records. He was Sunset League Champion and went to Southern California and State C.I.F. matches. He holds A.A.U. records in Freestyle and Greco-Roman for the state and the nation. Coaches Dick Lindner and Manuel Penaflor are very proud of Don and all wrestlers, as they feel they built an excellent wrestling program at S.A.H.S.

Tennis

Due to the late completion of the tennis courts, the G.A.A. tennis team wasn't able to compete this year against other schools except one match against Western, which the team wasn't able to finish because of rain. (The Saint racketeers were ahead though!)

Competing in outside tennis events, Jenny Geddes and Ruth Cavender (representing the Saints #1 and #2 singles positions) entered the Estancia High School Singles Tournament with Jenny Geddes taking 3rd place. The doubles team of Ruth Cavender and Helen Honor, and Jenny Geddes as the top singles player entered the Newport Harbor High School Tennis Invitational, Jenny Geddes for the second consecutive year won 1st place in the singles event.

With only three graduating seniors on the G.A.A. tennis team this year, the Saint racketeers are setting their hopes up high for next fall when the tennis season begins once again.

Track and Field

Although G.A.A. Track and Field had an excellent team, they had a very frustrating season. The semester started out with rain, rain and more rain. After the mud dried, the G.A.A. teachers went on strike. The girls were not allowed to stay after school to practice without supervision, but many of the "dedicated" girls did anyway. And, of course, there's the age old problem of sharing the field with the boys. (Although a few boys did help the girls in high jump, hurdles and shot-put.) Mrs. Hayes is very excited about next year because she feels she has some material she can work with. Vivian Harding, Tracy Smith, and Jenifer Judkins were outstanding seniors this year, and Denise Vitelli, Tami Bryan, Nancy DeGree, Debbie Martin, and Lisa Moore are expected to take top honors next year.

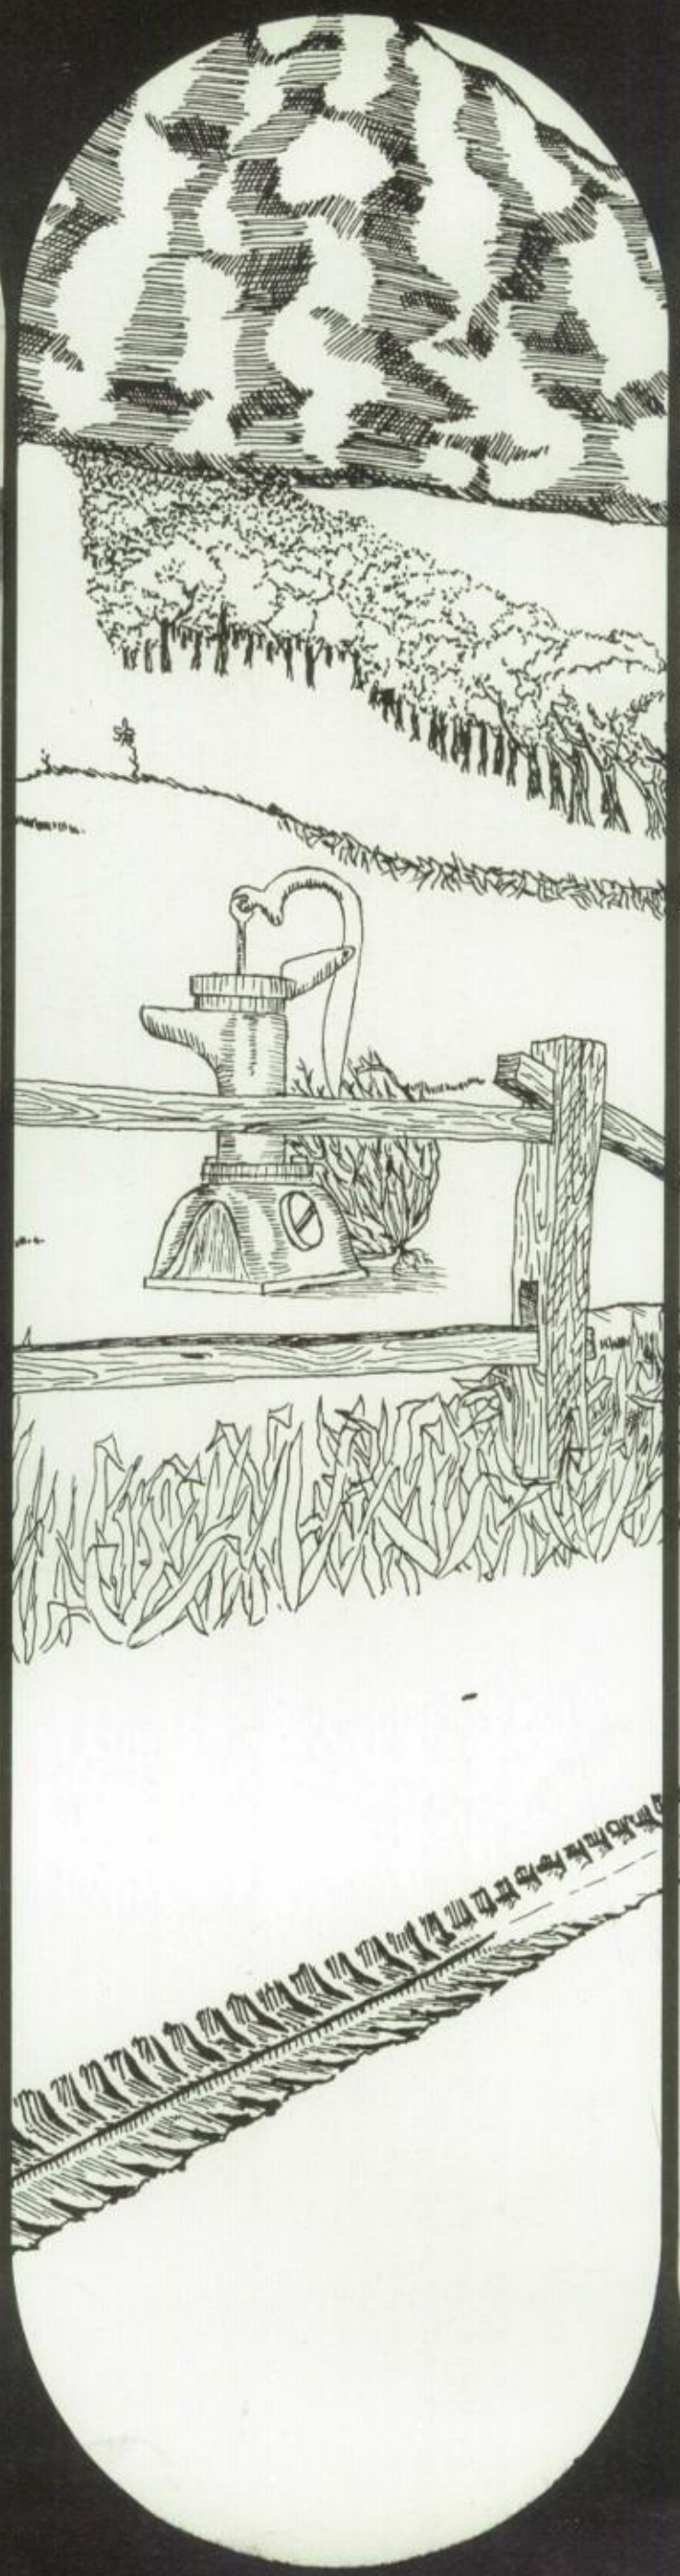
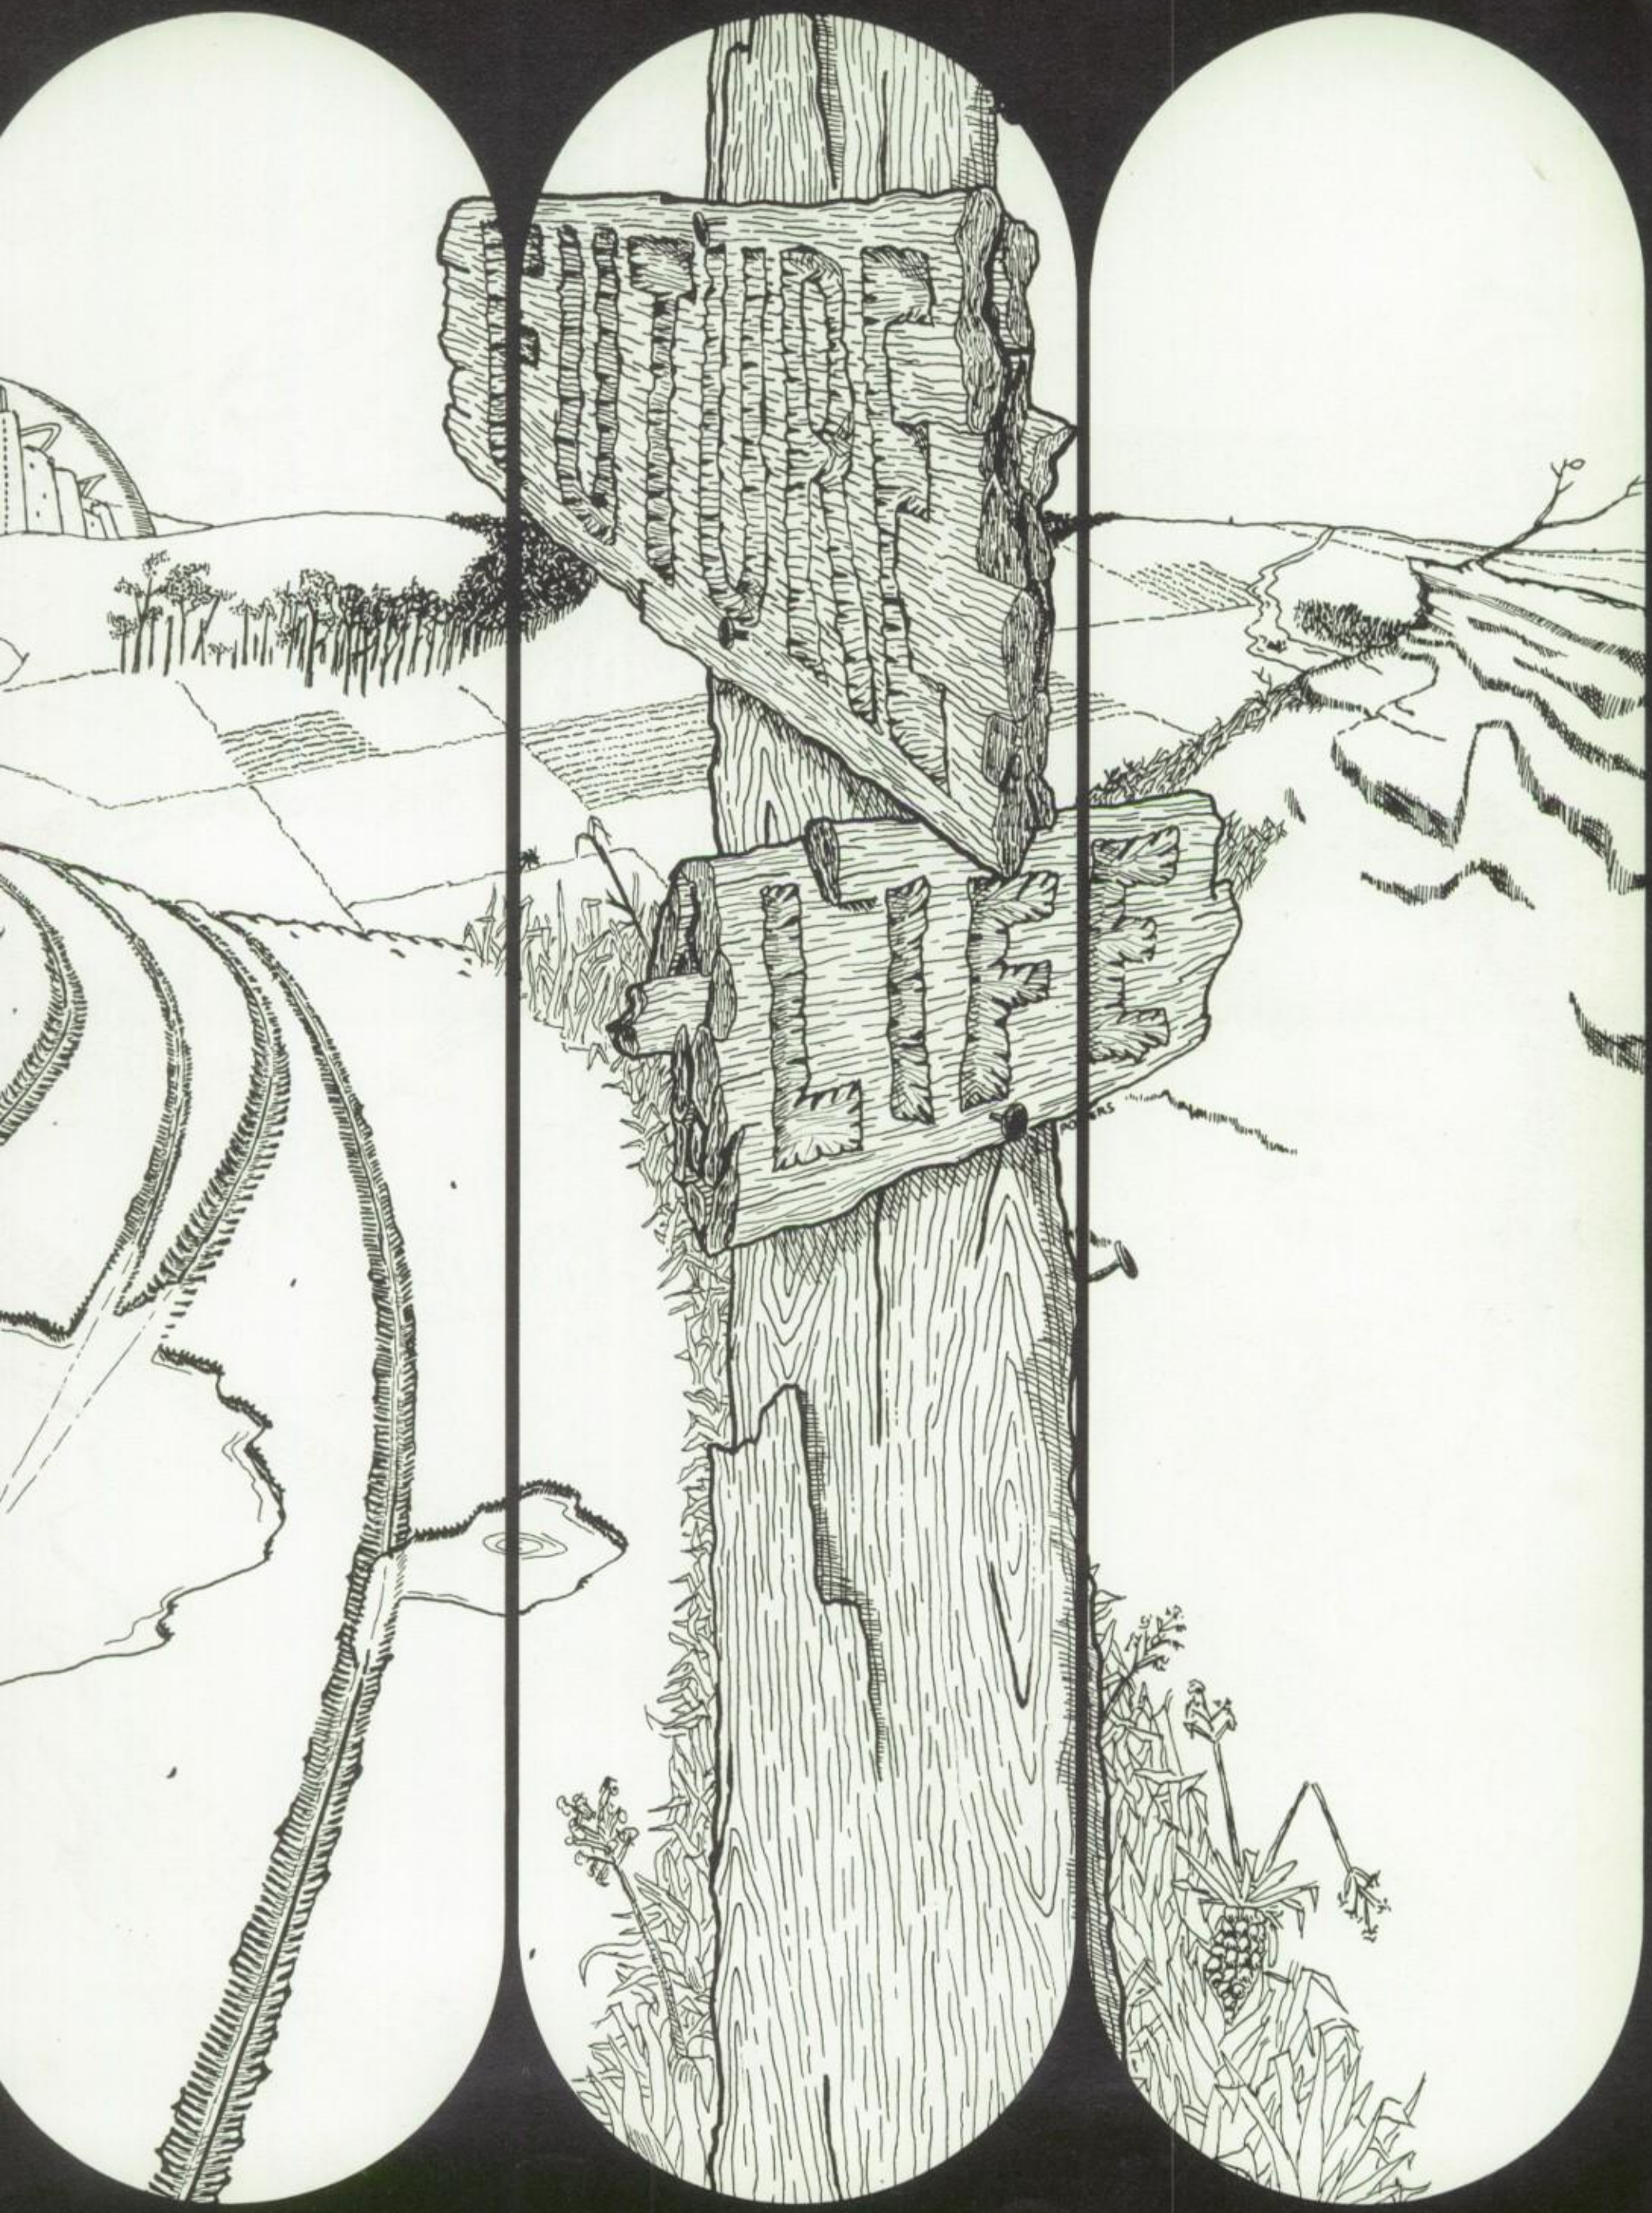
Educators





Administration

As parent, teacher, administrator, Dr. Joan B. Wilson brings to Santa Ana High School the qualities necessary to make our school an outstanding educational center in this community.

She is a native of New York. She has a B.A. in History with honors from Barnard College, New York; an M.A. in History with honors from Columbia University; an Ed.D. with great distinction in Educational Administration from the University of California, Los Angeles. Her dissertation for her Ed.D. was an exploratory study focusing on the problem of racial imbalance in this district's public schools.

She is a member of Pi Lambda Theta, national women's honorary society in education; the charter president of the Orange County Social Science Teachers Association; a member of the American Association of School Administrators, and the National Association of Secondary School Principals. Prior to her assignment here, she was an Assistant Principal at Sonora High School, La Habra; and the Social Science Department Chairman at Sunny Hills High School.

The student body of Santa Ana High School welcomes Dr. Wilson as the school's new principal.

going to be a
challenge. I'll be
trying real hard
to get out of
here. Good luck
in college.
Hope you
have a great
summer. I have
to work a lot
this summer.
Maybe I'll see
you around
sometime.
Sincerely,
Jason

Now, where did I park my tricycle?

Come Back!!

What a drag.

I can't wait 'till tonight!

What more could you want!

Chomp, Chomp

Boing, Boing

You rang?

What do you mean me!

Habla, Habla

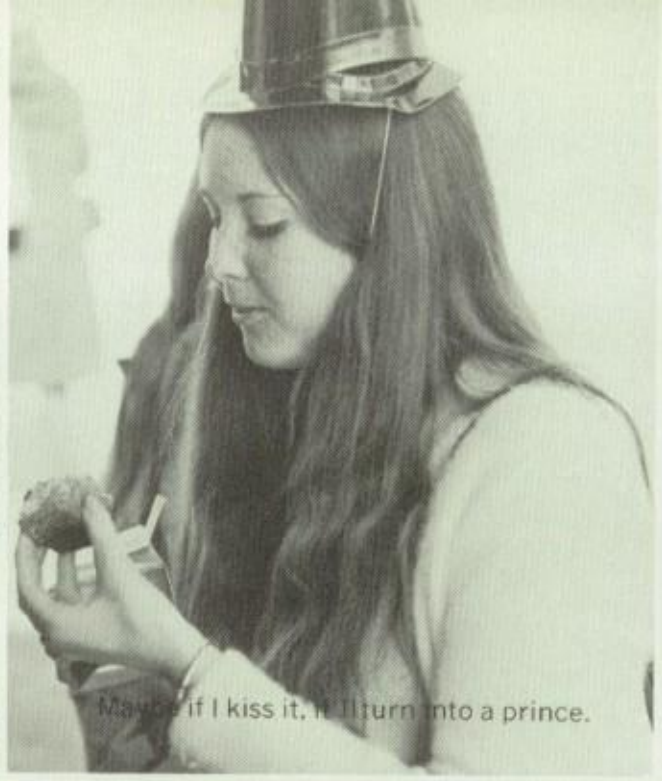
Click, Click

All together now!!

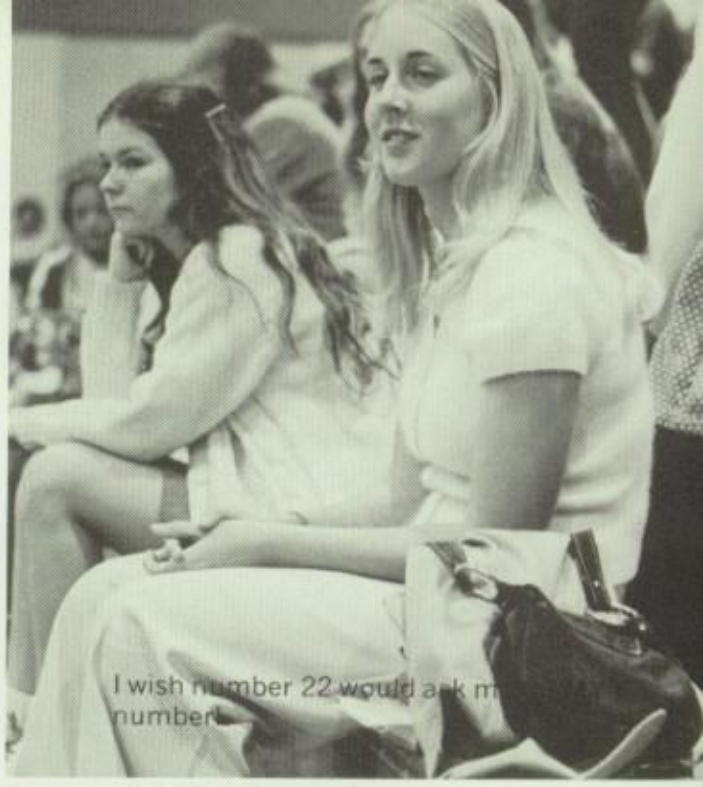
Short, Short

Stroll, Stroll

Uncle Sam wants ME???



Maybe if I kiss it, it'll turn into a prince.

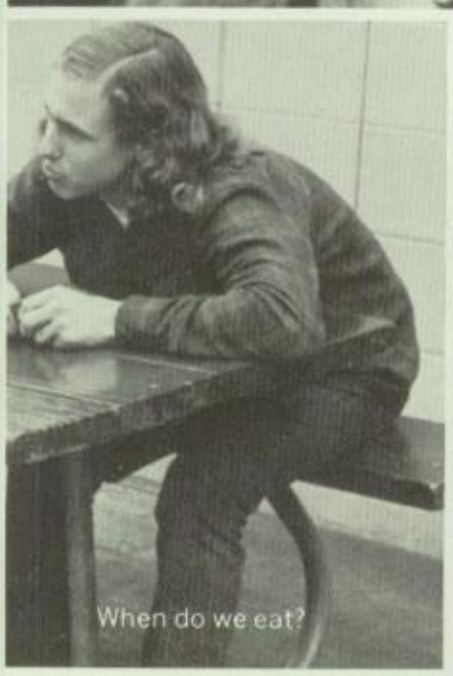


I wish number 22 would ask m
number

The waves were super primo today!

Oh [illegible] is fine!!!

WOOOOOW!!!



When do we eat?

I knew I'd be the only one wearing a hat.

How about him?

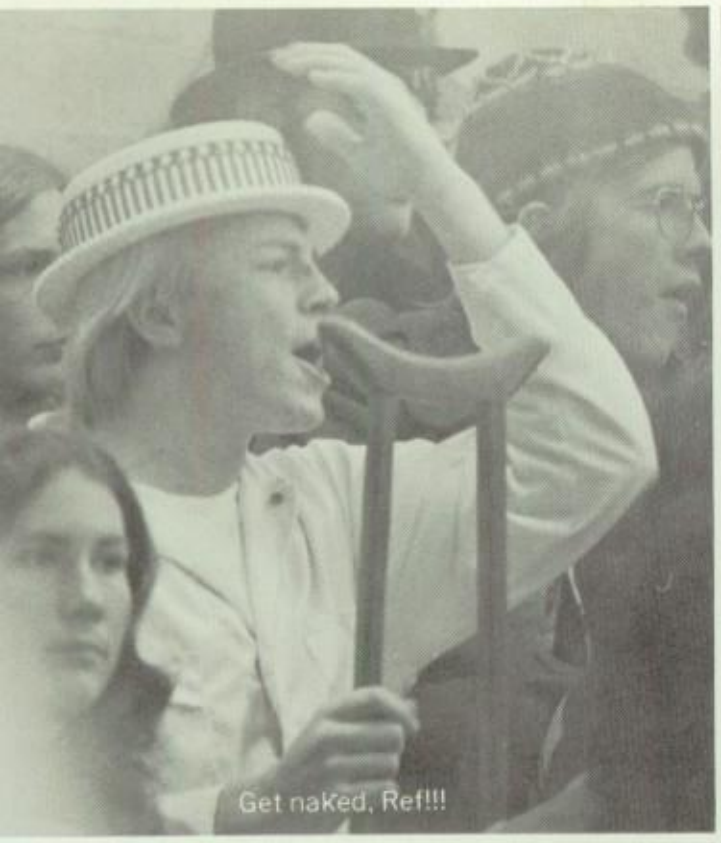
ATTENshun!!

Do I hear $1.00?

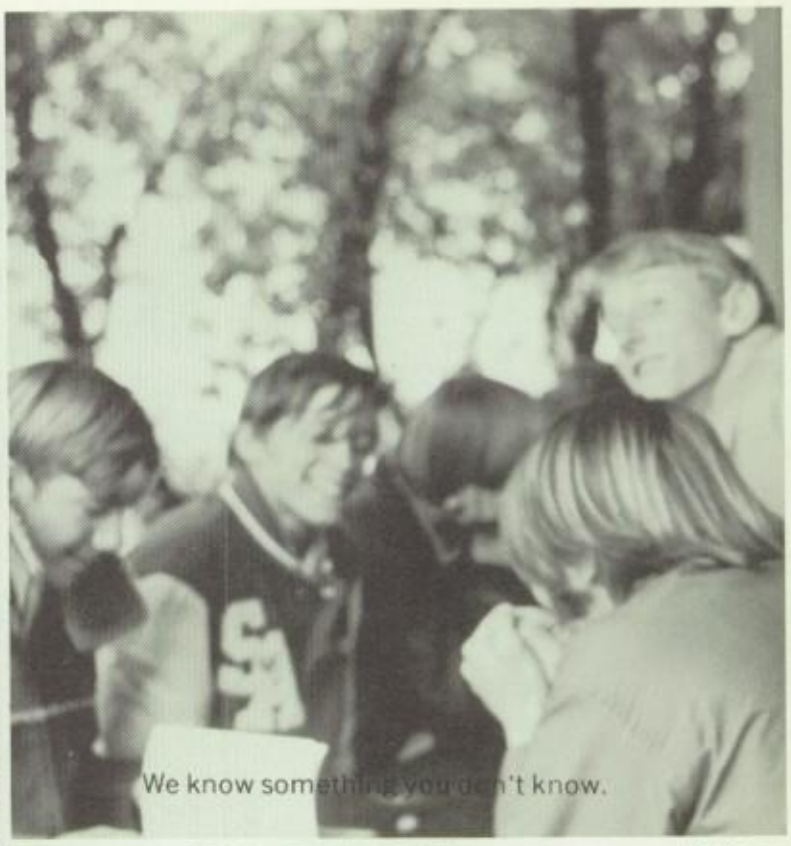
Everybody's doin' it, doin' it, doin' it...

...and I said...

It's about time for Tarzan to be swinging in...

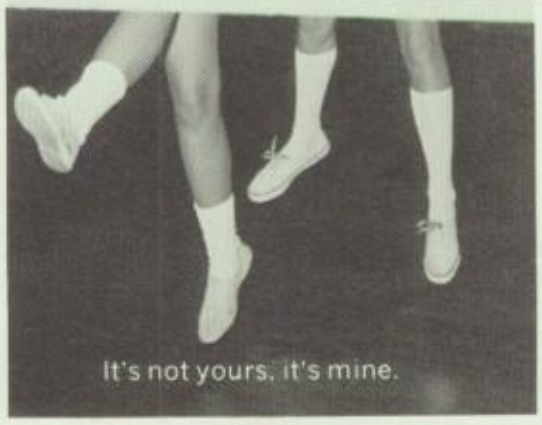


Get naked, Ref!!!



We know something you don't know.

I wish I could blow up this joint!

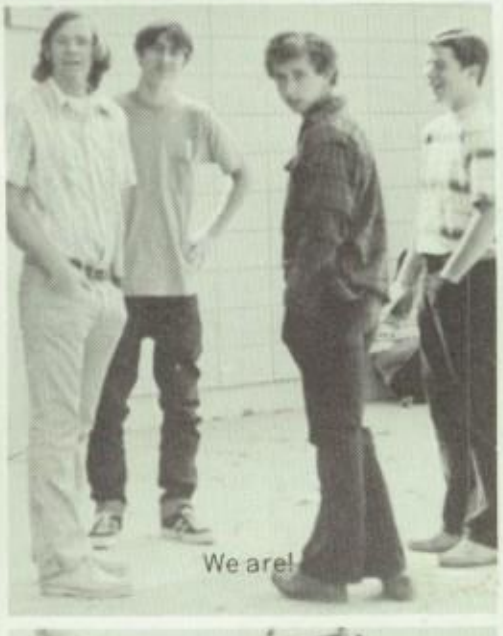


It's not yours, it's mine.

Smile! You're on Candid Camera!

I think I'm gunna barf!

Who's next?

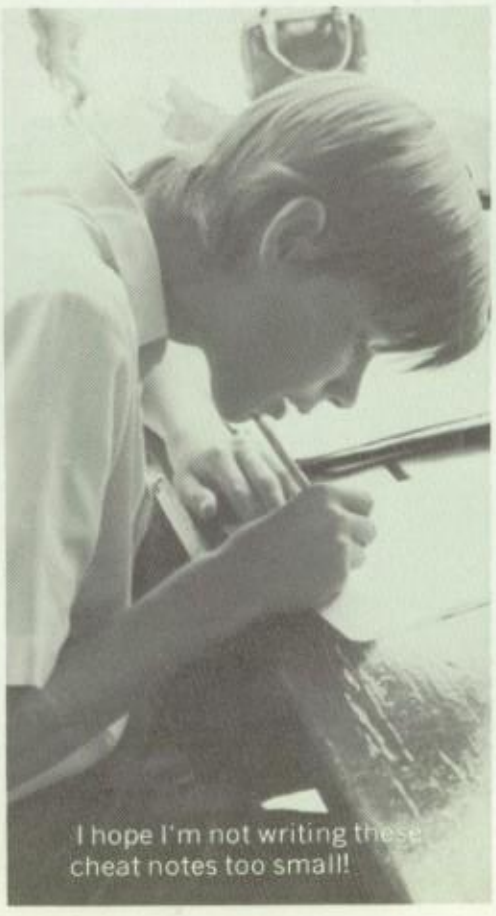


We are!

We just polished our teeth with Pearl Drops!

Cheese!

Y'all come back now, hear?



I hope I'm not writing these cheat notes too small!

I knew long fingernails were good for something.

Juniors

Oh, what's she smiling about now

And now for my next act . . .

Wake me up at half-time

What do you expect when I play against Jenny Geddes?

My girdle is killing me.

I'm an athlete. I'm an athlete

I wish I could go play with the big boys.

Oh, you must be kidding!!

I'll make you an offer you can't refuse!!

The better to see you

One step closer and I'll squa
your roof

I just bit through the cellophane but I gotta keep my cool.

Aw, Sam, don't tell that joke AGAIN!

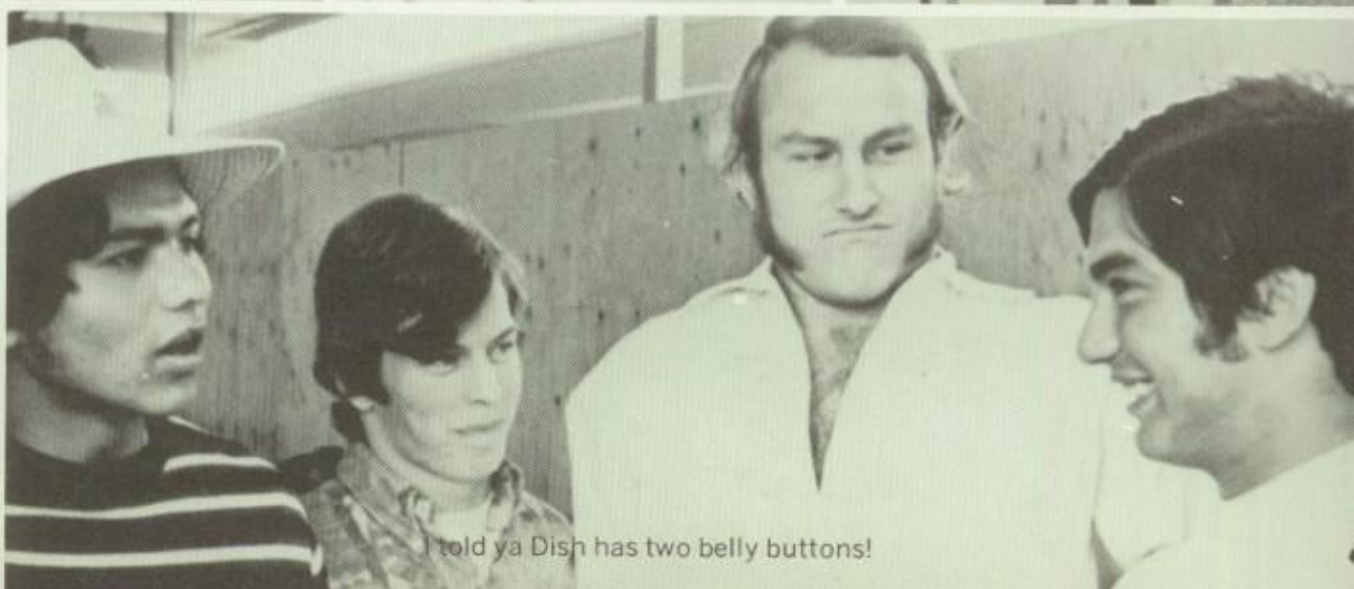
That's another blankety-blank dime I lost in this blankety-blank phone!

Oh, Eric.

What can ya do when a ladder falls on your head?

Olga Korbut, watchout!

200
Jill Hafer studying?



I told ya Dish has two belly buttons!

Here's Joaquin taking 5 ... 10 ... 15

Which one of these girls is normal?

YIPES!

When they asked me to be a door-to-door salesman, I didn't know this was what they had in mind!

I've got "soul!"

Bye, bye birdie!

Move over, Marlon Brando!?

h-ha! I'll never tell him he's working on the wrong page!

Hey, man, wanna ride on my camel?

Know what a fox I am. I won't
say goodby - I'll start to cry.
I will come & see ya in Arizona & bring
ya some cheat sheets. Don't forget
me, Baldwin's class. The football
games & money & I'll miss your
little face & we've had
alot of good times & I have
learned alot. Maybe in
3 years I'll either be
a bum or a millionaire but
I won't forget ya.
Love always
Keep smiling
& maybe someday
all the bummers
will be straightened
out. See ya later.

Jill,
One time in my life
i can't think of anything
to say! Oh my!! There's
more school, what are we
going to do? Go to Dons?
This is so dumb, to say
everything i want would
take forever, have fun
" in Arizona. And don't
forget to come back! I
know ill be seeing you this
summer, so .. Well then
Love,
Karen

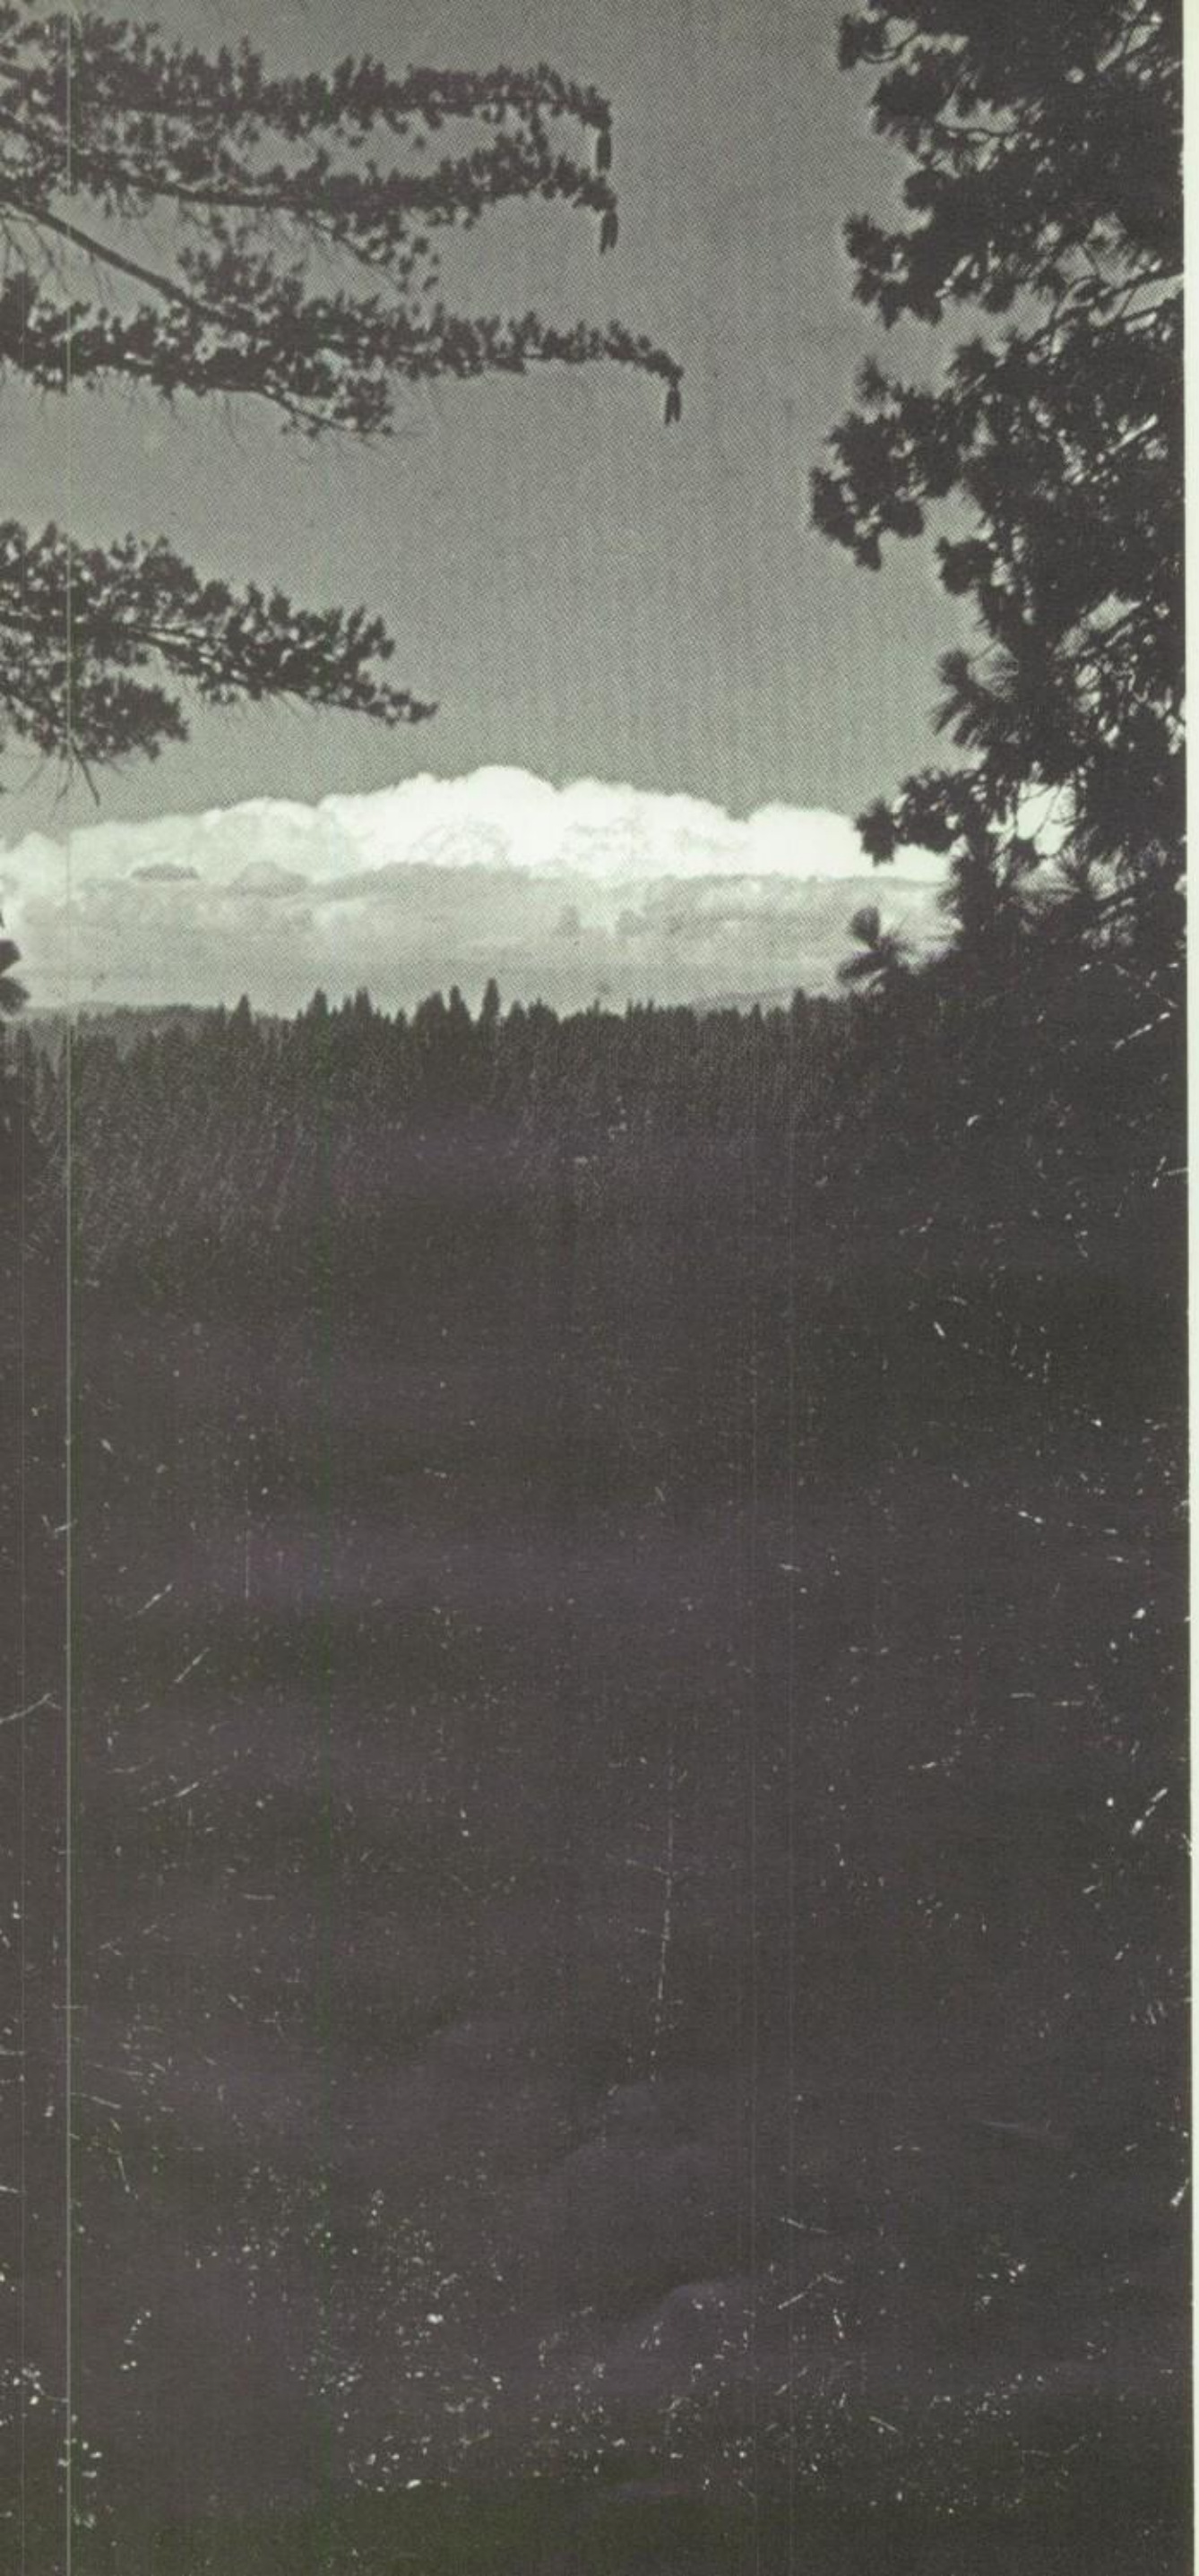
Santa Ana, Ca.
KI 3-4233

Mr. and Mrs. Geo. Viebeck, Jr.



Our stock-room.

It makes for a balanced inventory.

Of the grades, sizes and species . . . rough or finished. Also, there's millwork, moulding, cut-stock. Panelized decking, plywood, fencing.

And a full range of pre-finished plywood . . . plus other specialty products.

Company-owned sawmills and remanufacturing facilities mean quick service. Year 'round.

Because we practice inventory management, we supply these quality forest derived products when you need them most.

Today, and for generations to come.

Dear Jill,

Well what can I say. Guess the least I can do for you I'm really going to miss you Jill! I'll not ask a friend to one another. You're my favourite ex a friend didn't have to end. I really like you and hate to hurt/break it to you but I can't keep on taking advantage of you. So let's part friends and keep in touch. I'll miss you during the summer, and I'll be back in the fall! O.K. So when can I talk to you about this? Call (542-7779) I'd love to see you before you leave for the summit for me and I'll be thinking of you.

Love you with all my heart!!

Alex
Kakakiki
"73"

P.S. O.K.

Well,

well we finally made it.
I'm really glad I got to
meet you.. only I hope to
see you more often. Well
try & stay out of trouble OK?
Maybe Bill even see ya
this summer. go partying.

Love,
Michele

Hey Jill - I'm glad (I'm still not sure about that) that I got to know you. I'll always remember your turquoise shopping sprees and our long talks about Bob and Mike and everything else. I know we'll see each other during the summer. Let's go to the beach or do "something" together sometime. Stay crazy and be good?? Good luck with Mike. Luv ya Tanoonan

P.S. Don't do anything I wouldn't do. That leaves a lot for you to do so start movin'!

Jill,
Boy, we've sure come along way from Mrs. Pendleton's Girl Scout Troop 0. You are so sweet and I'm so glad we got in the same tennis class and had the chance to "chat" while we sweated a few balls around the courts! Next time you cruise down Freeman you should drop by, alright? Alright! Have a great summer and come up and see me when you're home from Arizona. Good luck! Love ya,
Debbie

Jill!!!...
hi babe! Edward we made it!...
can you believe it?!...
we've spent a lot of years together
i hope our friendship doesn't end now
that school's over. - i think we'll still be
seeing a lot of each other - i hope!
take care of yourself
i love you
Kathy
